Chairman Message

Dear Shareholders,

It is with immense pride and heartfelt gratitude that I address you today, reflecting on Arrow Greentech Ltd.'s remarkable journey through the financial year 2024-25. This year has been nothing short of transformative - marked by record-breaking achievements, bold innovation, and steadfast resilience in the face of global headwinds. As we continue to evolve in a rapidly changing world, Arrow Greentech has not only demonstrated its ability to adapt but has also reaffirmed its commitment to shaping a more sustainable and secure future. Our performance this year is a testament to the strength of our vision, the dedication of our people, and the trust you - our valued shareholders - have placed in us. Together, we are building a company that is future-ready, purpose-driven, and globally relevant.

Record-Breaking Performance: Strengthening Our Core

FY25 marked a significant step forward in Arrow Greentech's growth trajectory. We achieved our highest-ever revenue of ₹2,434 million, a 64% increase over the previous year, reflecting strong demand across both our high-tech and green product segments. Profit After Tax more than doubled to ₹630 million, supported by improved operating leverage, better product mix, and tighter cost controls. Our EBITDA margins expanded meaningfully, underscoring the effectiveness of our efforts to streamline operations and enhance manufacturing efficiency.

This performance is the outcome of deliberate strategic choices - prioritizing innovation-led growth, investing in scalable technologies, and reinforcing our supply chain capabilities. We have focused on building a resilient business model that can withstand external volatility while continuing to deliver consistent returns. Our financial results this year validate our approach and provide a strong foundation for future investments in product development, capacity expansion, and market diversification.

Innovation and Sustainability: Building Long-Term Differentiation

Innovation continues to be a core driver of Arrow Greentech's growth strategy. In FY25, our high-tech product segment delivered a 79% year-on-year growth, led by increased adoption of advanced security solutions and anti-counterfeit technologies. The grant of a new US patent for our "Dual-Color Shift Security Film" strengthens our intellectual property portfolio and reinforces our position in niche, high-value markets. These developments reflect our focus on creating differentiated products backed by proprietary technology, enabling us to compete effectively in global markets.

Parallely, our green product segment - anchored by Water Soluble Films - maintained strong momentum. As India's largest manufacturer of these eco-friendly materials, we continue to benefit from rising demand for sustainable packaging and industrial solutions. Our manufacturing capabilities, combined with process know-how, allow us to deliver consistent quality at scale.

Our subsidiary, Avery Pharmaceuticals, has expanded its portfolio to 54 approved nutraceutical products, with encouraging traction in contract manufacturing and exports. The repeat orders we received validate the commercial potential of our Novel Drug Delivery Systems (NDDS) and open up new opportunities for growth in regulated markets.

We remain aligned with national priorities such as Atma-Nirbhar Bharat and Make in India, actively participating in government tenders and import substitution programs. The acquisition of land in Dahej-II Industrial Estate is a strategic move to support future capacity expansion, particularly in green technologies, and positions us well for long-term scale-up.

Operational Excellence: Enabling Scalable and Resilient Growth

To support this growth, we have focused on building scalable, resilient operations that can adapt to evolving market demands. Operational discipline remains central to our ability to scale efficiently and respond to external challenges. In FY25, we continued to strengthen our manufacturing excellence. We have advanced our capabilities through focused process optimization and automation. These initiatives have not only enhanced product consistency but also significantly reduced material wastage and improved overall throughput. As a result, we are better positioned to deliver high-quality, sustainable solutions to our global customers while maintaining efficiency in our operations.

Our focus on supply chain risk mitigation and cost control has helped us navigate inflationary pressures and global disruptions. By building redundancy in sourcing,

improving inventory planning, and maintaining stringent quality standards, we have protected margins while ensuring reliable delivery to customers.

These efforts have translated into stronger EBITDA performance and improved operating leverage. More importantly, they have created a scalable platform that supports future growth in both domestic and international markets. As we expand our product portfolio and enter new geographies, our operational capabilities will continue to be a key enabler of sustainable and profitable growth.

Global Reach and Market Leadership: Expanding Horizons with Purpose

Arrow Greentech continues to solidify its position as a global leader in sustainable and high-security materials. Our international footprint has been significantly enhanced through wholly owned subsidiaries in the United Kingdom and the Netherlands - strategic hubs that enable seamless access to key markets across Europe, Asia, the Americas, and Africa. These locations serve not only as operational bases but also as gateways for innovation, customer engagement, and regulatory alignment, allowing us to deliver tailored solutions to a diverse and expanding global clientele.

Our commitment to innovation is deeply embedded in our growth strategy. With 27 patents granted across jurisdictions including India, the UK, USA, South Africa, Europe, and Eurasia, we have built a formidable intellectual property portfolio that reflects our pioneering work in green technologies and high-security applications. These patents safeguard proprietary advancements in Water Soluble Films, anti-counterfeit security systems, and other specialized materials - reinforcing our technological leadership and creating high entry barriers for competitors.

This strategic blend of global presence and innovation excellence positions Arrow Greentech at the forefront of industry transformation. As sustainability and product integrity become non-negotiable imperatives for businesses worldwide, our solutions are increasingly recognized for their reliability, environmental impact, and technical sophistication.

Roadmap for FY26:

As we look to FY26, Arrow Greentech is entering a new phase of strategic acceleration - driven by innovation, global expansion, and deeper integration of sustainable technologies.

We will accelerate the next-generation anti-counterfeit and security solutions, leveraging new patents and an expanding intellectual property portfolio. Our Water Soluble Films division will drive growth through process innovations and targeted new applications. Avery Pharmaceuticals will scale up its Novel Drug Delivery Systems by forging global partnerships and broadening regulatory approvals.

We plan to expand our international presence in markets demanding sustainable and secure packaging, supported by strategic alliances and strong client relationships. Continued investment in R&D will focus on sustainable green technologies and novel materials to maintain our innovation leadership.

FY25 has been transformative, reinforcing our role as pioneers in green and high-security technologies. As we enter FY26, we remain dedicated to innovation, operational excellence, and sustainable growth - delivering superior shareholder value while supporting India's vision of self-reliance and environmental stewardship. With this strong foundation, Arrow Greentech is poised to shape the future of our industries.

Item No. 4: Ratification of Remuneration to Cost Auditors for FY 2025-26

The Board, on the recommendation of the Audit Committee, has approved in its meeting held on August 12, 2025, the re-appointment of Mr. Dilip M Bathija, Cost Accountants, Mumbai, at a remuneration of Rs.80,000/- (Rupees Eighty Thousand only) excluding applicable Tax to conduct the Cost Audit of the Company for the financial year 2025-26.

In accordance with the provisions of Section 148 (3) of the Companies Act, 2013 read with Rule 14 of Companies (Audit & Auditor Rules), 2014, the remuneration payable to the Cost Auditor is required to be ratified by the members of the Company.

None of the Directors, Key Managerial Personnel of the Company or their relatives is in any way, concerned or interested, financially or otherwise, in the resolution. The Board of Directors recommends the Ordinary Resolution for your approval.

Item No. 5:

Pursuant to Section 204 of the Act read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, every listed company is required to annex a Secretarial Audit Report to its Board's Report, which is prepared under Section 134(3) of the Act. In addition, Regulation 24A of the SEBI Listing Regulations mandates that every listed entity must conduct a Secretarial Audit and annex the report to its Annual Report.

SEBI vide its notification dated December 12, 2024 amended Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 (the Listing Regulations). The amended regulation read with the SEBI circular no. SEBI/HO/CFD/CFD-PoD-2/CIR/P/2024/185 dated December 31, 2024 (the circular), is required to undertake Secretarial Audit through a peer reviewed Company Secretary and annex a Secretarial Audit Report in such form as specified by SEBI, annual report of the Company.

As per the amended Regulation 24A of the Listing Regulations, every listed Company on the recommendation of the Board of Directors shall appoint Secretarial Audit firm for a maximum of two terms of five consecutive years, with shareholder approval to be obtained at the Annual General Meeting.

Accordingly, based on the recommendation of the Audit Committee, the Board of Directors has approved the appointment of M/s. Rajendra & Co., Practising Company Secretaries, as the Secretarial Auditors of the Company for a term of five consecutive years commencing from April 01, 2025 to March 31, 2030, subject to the approval of shareholders.

In recommending M/s. Rajendra & Co., Practising Company Secretaries, the Audit Committee and the Board considered several parameters including:

Secretarial Auditors prior experience in the Company's business segments,

Capability to manage complex and diverse corporate environments,

Industry reputation, clientele, and technical proficiency.

M/s. Rajendra & Co. is a well-established firm of Practising Company Secretaries, registered with the Institute of Company Secretaries of India (ICSI), and holds a valid peer review certificate. The firm is led by experienced professionals with domain expertise across corporate governance, legal compliance, advisory services, litigation support, and due diligence. The team's collective knowledge and professional ethics align well with the compliance and governance standards expected by the Company.

Key terms of appointment:

Tenure: April 1, 2025 to March 31, 2030 (five financial years).

Remuneration for FY 2025-26: ₹1,10,000/- (Rupees One Lakh Ten Thousand only) plus applicable taxes and out-of-pocket expenses

- Basis of Fee Determination: Scope of audit, experience of the audit team, time required, and domain expertise
- Additional Services: Any fee for statutory certifications or professional services other than Secretarial Audit will be separately determined by the management in consultation with Secretarial Auditor and approved by the Board of Directors and/or Audit Committee.
- Future Remuneration: The remuneration for subsequent years (FY 2026-27 to FY 2029-30) shall be reviewed and approved by the Board and/or Audit Committee.

The fee proposed for FY 2025-26 remains materially unchanged from that paid for FY 2024-25, and therefore, there is no material change in remuneration warranting a separate justification.

M/s. Rajendra & Co. has provided its written consent to act as the Secretarial Auditors of the Company and has confirmed its eligibility under the applicable provisions of the Companies Act, 2013 and the SEBI Listing Regulations.

The Board recommends the resolution for approval by the shareholders.

None of the Directors, Key Managerial Personnel of the Company and their relatives, are concerned or interested, financially or otherwise, in this item. The Board recommends the Ordinary Resolution as set out in Item No. 5 of this Notice for approval of the Members.

**Item No. 6:**

The Shareholders of the Company at the 32nd Annual General Meeting held on 16th September 2024 approved reappointment of Mr. Shilpan Patel (DIN: 00341068) as Chairman & Managing Director of the Company for a period of five years effective from 01 April, 2025 to 31 March, 2030 through a Special Resolution under the provisions of Sections 196, 197, 198, 203 and other applicable provisions of the Companies Act, 2013 and the rules made there under (including any statutory modification or re-enactment thereof) read with Schedule-V of the Companies Act, 2013. Mr. Shilpan Patel will attain the age of 70 years on 25 July, 2026. The Company seeks consent of the members by way of special resolution for continuation of his holding of existing office after the age of 70 years during the currency of his term of appointment under the provisions of Section 196 (3) (a) of the Companies Act, 2013. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Global economy overview:

The global economy displayed resilience in 2024 after navigating an extended phase of unprecedented shocks. However, the recovery continues to face challenges arising from escalating trade tensions, policy realignments, and increased uncertainty. According to the International Monetary Fund (IMF), global GDP expanded by 3.3% in 2024, though growth trends varied significantly across regions. Advanced economies posted modest growth of 1.8%, while emerging markets and developing economies (EMDEs) expanded at a faster pace of 4.3%, highlighting persistent regional imbalances. Inflationary pressures showed signs of easing, with global headline inflation projected to moderate to 4.3% in 2025 and further decline to 3.6% in 2026. Tight monetary policies implemented by major central banks have been effective in containing inflation, though long-term stability will depend on sustained fiscal discipline.

Looking ahead, global growth is expected to slow from 3.3% in 2024 to 2.9% in 2025. Rising trade barriers, spillover effects on global supply chains, and heightened uncertainty may weigh on business sentiment and recovery momentum. Moreover, volatility in financial markets has amplified risks, particularly for economies facing persistent inflationary pressures and signs of weakening growth.

Indian economy overview:

During FY 2024-25, the economy demonstrated resilience despite external challenges, driven by strong macroeconomic fundamentals, policy support, and a focus on sustainability and innovation. As per the Ministry of Statistics and Programme Implementation (MoSPI), real GDP is projected to grow by 6.5% in FY 2024-25. India has firmly established itself as a dynamic force in the global economy, supported by consistent growth, favourable demographics, and increasing international influence. Recently, India overtook Japan to become the world's fourth-largest economy at current price levels, reflecting its rising global stature. Inflation, however, remained a key concern, influenced by global supply chain disruptions and volatile commodity prices. In order to control inflation and support growth, the Reserve Bank of India (RBI) reduced the repo rate by a cumulative 50 basis points to 6.0% by May 2025, with the intent of improving liquidity and stimulating demand. Looking ahead, the RBI projects GDP growth at 6.5% for FY 2025-26, underpinned by initiatives such as Make in India, continued infrastructure development, digital transformation, and structural reforms aimed at boosting competitiveness and ensuring long-term sustainable growth.

Company Overview:

A. Security Products

AGTL has invested in a state-of-the-art facility for manufacturing high-security products used for controlling counterfeits, such as anti-counterfeit threads, Security Fibers, and Security films. This plant features advanced capabilities in metalizing, demetallizing, holography, nano printing, and functional coatings, including embedding machine-readable features and lamination. Our products are designed for integration into security papers, tax stamps, and high-value brand protection across sectors such as bank notes, passports, certificates, perfumes, cosmetics, and pharmaceuticals, including track-and-trace management. We anticipate that these innovations will drive significant revenue growth moving forward.

i. High-Level Security Protection

Our company specializes in advanced security solutions for paper-based identification systems designed to combat counterfeiting security documents, including bank notes, passports, birth certificates, etc.

This industry is highly confidential. Due to the confidentiality requirements stipulated in our contracts, we are unable to provide detailed information about this business segment.

ii. Level 2 Security Elements—Medium Level Security Protection

Our company is well-equipped with the technology, expertise, and infrastructure to adapt our solutions for high-value brand protection and counterfeiting control across various sectors, including pharmaceuticals, branded products, and more. This business segment is poised for substantial revenue growth in the future.

During the year, the Company has actively expanded its intellectual property portfolio by filing multiple patent applications in both domestic and international markets, supplementing its existing base of Indian and foreign patents in the security products segment. The Company's strategic focus remains on securing robust patent protection to safeguard innovations, mitigate litigation risks and strengthen long-term competitiveness. Looking ahead, efforts will be directed towards global commercialization of patented products, as well as exploring opportunities for out-licensing intellectual property to enhance revenue streams. The Intellectual Property team remains confident about the prospects of the recently filed applications, which are expected to further augment the Company's value proposition and reinforce client confidence. Patents, once granted, provide protection for a period of up to 20 years, ensuring sustained benefits from innovation.

We are committed to strengthening our presence in the Indian security market and, once established, expanding into global markets where there are few credible competitors. We are also exploring strategic partnerships with established market players to leverage our cost advantages and integrate their technologies, fostering a collaborative ecosystem for mutual benefit.

Inspired by the Prime Minister's Atma Nirbhar initiative, our company is energized to advance our goals and contribute to the vision of promoting high quality, Indian made products globally.

B. Water Soluble Films (Watersol®)

Arrow Greentech Ltd (AGTL) stands out as a global leader in the production of cast water-soluble films, with our flagship product, Watersol®, setting the standard in the industry. Our manufacturing facility is in Ankleshwar, Gujarat, and we are actively pursuing new business opportunities through innovative applications across diverse sectors. This strategic focus is designed to build and reinforce our growth trajectory.

Watersol® films offer versatile applications in a wide range of industries, including agrochemicals, construction chemicals, dyes and pigments, embroidery, health and hygiene, industrial engineering, water transfer printing, and FMCG, among others.

The agrochemical and home care sectors represent approximately 60-70% of the global market for water-soluble films, and AGTL is engaged with major prospects and clients within these niches. In addition to our focus on this segment, we are also targeting the mass market for Embroidery Film, where we aim to compete directly with lower-tech, Chinese-made products using our advanced, indigenous technology.

The global market for polyvinyl alcohol (PVA) films was valued at around \$550 million in 2024 and is expected to grow at a compound annual growth rate (CAGR) of 5-6% through 2030. This growth is driven by increasing demand for eco-friendly packaging solutions in developed regions such as North America and Europe. In response, we have filed patents in the Green Packaging sector and will commence field trials in the last quarter of this year. This will further strengthen our position in the Green Sector, as evidenced by numerous inquiries from various packaging industries.

Our PVA films are characterised by their water solubility, biodegradability, and customisation capabilities, making them suitable for innovative applications in packaging for water treatment chemicals, swimming pool chemicals, concrete fibres, construction chemicals, and various industrial and consumer repellents and inhibitors.

To capitalise on these opportunities, AGTL plans to expand its capacity and diversify its product offerings through significant capital expenditures (CAPEX). Recently, AGTL has purchased ~3 acres of land in the Dahej Industrial area in Gujarat, a region known for its industrial development and strategic location. This expansion will create new business opportunities across various locations and sectors, particularly in the agrochemical and home care industries, where we already have a strong presence.

With a strong emphasis on research and innovation, AGTL is committed to establishing itself as a leading global supplier of PVA films and related value-added products in the near future.

C. Sustainable Solutions

The ongoing efforts to ban single-use plastics (SUP) have gained momentum over recent years, although their effectiveness remains to be fully realised. While the government has introduced guidelines and explored alternatives such as bio-compostable products and bio-based alternatives, there remains a need to raise awareness about their proper implementation. Our team is actively involved in promoting this cause within the industry and through associations, contributing valuable insights and support for the transition to sustainable practices.

AGTL is dedicated to investing more in this growing sector. We believe that bio-based solutions in flexible films offer a sustainable, eco-friendly alternative to single-use plastics and other traditional options, addressing the growing concerns about plastic pollution. Unlike petrochemical-based plastics that don't break down naturally, biocompostable films are designed to decompose through natural processes. Our work in this area has the potential to transform packaging solutions by offering sustainable alternatives to conventional polyester and polypropylene materials.

Our New Products Development and R&D teams are innovating by integrating soluble and sustainable technologies to develop advanced packaging solutions. We adhere to a policy of invention, patenting, and production based on end-user specifications, while prioritizing environmental sustainability.

D. Pharma Delivery Systems "Mouth Dissolving Strips"

AGTL has made a strategic investment in its wholly owned subsidiary, Avery Pharmaceuticals Private Limited ("Avery Pharma"), to advance the production of Mouth Dissolving Strips (MDS) and Transdermal Patches. Avery Pharma is a specialized pharmaceutical entity with esteemed certifications including WHO-GMP, GMP & GLP, FSSAI, HALAL (GCC Countries), ISO 9001:2015, and ISO 22000:2018. The facility is equipped with state-of-the-art German-designed machinery dedicated to the patented technology for manufacturing Mouth Dissolving Strips and Transdermal Patches.

MDS are innovative, fast-dissolving films that deliver active pharmaceutical ingredients (APIs) more rapidly compared to traditional dosage forms such as tablets, capsules, and liquids. These films dissolve upon contact with saliva, eliminating the need for additional fluids, and offer rapid drug absorption and bioavailability. MDS are particularly advantageous for populations such as geriatrics, paediatrics, those with swallowing difficulties, and veterinary use. They provide benefits including ease of self-administration, water-free usability, quick onset of action, non-invasive dosing, and overall patient convenience.

Transdermal Patches are an innovative drug delivery system developed by Avery Pharma, designed to deliver active pharmaceutical ingredients (APIs) through the skin directly into the bloodstream. This non-invasive method ensures sustained and controlled release of medication over an extended period, improving therapeutic outcomes and enhancing patient compliance.

Avery Pharma has embarked on a long-term collaboration with a leading multinational corporation to produce a unique, patentable combination product for the Brazilian market, with plans to introduce additional products in other regions. The company is currently pursuing product registrations in various countries like Russia, Yemen, Vietnam, and is engaged in Contract Development and Manufacturing Organization (CDMO) projects. Avery Pharma has completed two CDMO projects for mouth-dissolving films and is also working on CDMO project of Transdermal Patch, generating revenue and leveraging its expertise in edible water-soluble films and MDS formulations. These CDMO projects contribute to our bottom line and foster client relationships, positioning us well for future commercial production opportunities.

Currently, Avery Pharma has over 54 products approved under FSSAI and more than 10 products under prescription (Rx) approval. Avery Pharma currently has three products approved under WHO-GMP certification, with several more in the pipeline for application in the coming years. These approved products are directly introduced into ROW (Rest of the World) markets without the need for additional regulatory approvals. The company has applied for test licenses for over 20 Rx products, with development nearing completion. Additionally, Avery Pharma has filed patents for two innovative products and is in the process of filing for several more. The research lab has also achieved a significant milestone by developing a combination API in MDS technology, capable of delivering doses above 100 mg, exceeding previous limitations. Ongoing research includes advancements in sublingual and buccal MDS technologies and the development of transdermal patches.

E. IP Protection

At Arrow Greentech Limited (AGTL), we prioritize the strategic protection of our markets through robust patent filings both domestically and internationally, including via the Patent Cooperation Treaty (PCT) route. To support these initiatives, dedicated Intellectual Property Cells have been established across AGTL India and our subsidiaries.

Our focus is on Hi-tech products and technologies, with regards to IP, its new creation and looking for opportunities to generate revenues, our company will also focus on generating new IP in Green Products and Technologies, in Arrow as well as its subsidiaries, going forward.

In an innovation-driven global economy, the protection of intellectual property is essential to our long-term success. Equally important is our commitment to respecting the rights of other IP holders. Our growth is underpinned by the continuous development of innovative and commercially viable products, supported by the safeguarding of our proprietary processes, know-how, tools, techniques, and other critical intellectual assets.

We actively collaborate with inventors, academic institutions, and scientific communities both within India and globally to generate valuable IP that serves the interests of our company and stakeholders. Over the years, these efforts have resulted in the successful filing and grant of numerous patents and trademarks at both national and international levels, enabling us to effectively enforce and protect our intellectual property rights.

Patents are a cornerstone of our IP strategy, providing protection against infringement and offering significant commercial value through monetization and, where necessary, litigation. Currently, AGTL is pursuing injunctions and is engaged in legal proceedings with Nu-Therapeutics and Shilpa Pharmaceuticals. While the legal process can be time-consuming, our legal team remains confident in our position.

To strengthen our research and development capabilities, we have established a specialized centre focused on proof of concept (POC) creation and pilot projects. Validated concepts may be further developed internally or licensed to external partners, aligning with our strategic objectives.

Our Company also plays an active role in shaping IP policy through its participation in the "Select Committee on IP" organized by the Confederation of Indian Industry (CII) and the Department for Promotion of Industry and Internal Trade (DPIIT), Government of India. Our engagement aligns with the Atmanirbhar Bharat initiative championed by the Hon'ble Prime Minister and Hon'ble Finance Minister. We remain committed to accelerating IP-related legal processes and contributing to India's ambition to rank among the top 25 nations in the Global Innovation Index (GII).

Our efforts in innovation and IP protection have been consistently recognized. AGTL has received the National Intellectual Property Award from CII and DPIIT in 2019, 2021, 2022, 2023, and 2024, with 2020 being an exception due to the COVID-19 pandemic.

During the 4th quarter, we were granted a US patent (No. 12194771) for "Dual-Color Shift Security Film," an innovative solution that enhances document security through color-shifting features and improved counterfeit resistance. This development further strengthens our intellectual property portfolio and underlines our commitment to innovation-driven growth.

At present, the Company holds 27 granted patents worldwide, spanning key jurisdictions such as India, the United Kingdom, the United States, South Africa, Europe, and Eurasia. In addition, 30 patent applications in India and 13 applications in international markets are under examination, primarily focused on innovations in water-soluble films and security solutions. The Company also

maintains a strong brand protection framework with 40 active registered trademarks, complemented by 8 trademark applications currently in process.

At AGTL, intellectual property is a vital asset. We remain steadfast in our commitment to its creation, protection, and strategic management.

F. Trading and Revenue Streams from Foreign Subsidiaries:

Arrow UK, a wholly owned subsidiary of AGTL India, is actively pursuing multiple income-generating opportunities. The Board and team at Arrow UK are focused on the commercialization of patents and technology. Leveraging the logistical advantages and favorable business environment of the Western world, we are committed to maximizing the potential of this subsidiary.

In addition to monetizing our patents and trading in water-soluble films, Arrow UK is expanding its trade into high-tech products. The subsidiary, along with its wholly owned counterpart in Europe, is generating substantial revenues. We are optimistic about the future prospects for both entities and anticipate continued growth and success.

2. Opportunities:

Our Company is well-positioned to leverage multiple opportunities across its core businesses. The increasing global focus on sustainability and the move towards eco-friendly packaging solutions are expected to drive strong demand for its water-soluble films, biodegradable polymers, and other environmentally responsible products. Regulatory actions aimed at curbing single-use plastics, coupled with rising consumer awareness, further strengthen the long-term growth outlook. Additionally, the pharmaceutical, agrochemical, and healthcare industries are experiencing a growing need for safe, hygienic, and precise delivery mechanisms, creating new avenues for the Company's specialty film solutions. With growing dialogue among scientists and policymakers on climate change and the strain on natural resources, the adoption of green industrial practices has accelerated. Such practices not only help in lowering environmental impact but also create avenues for cost efficiency, supported by favorable government incentives and improved business returns.

Beyond sustainability, the Company's high-tech security business also presents significant opportunities. With counterfeiting and document fraud emerging as major concerns globally, demand for advanced security features is increasing rapidly. Arrow's Security division has invested significantly in advanced manufacturing technologies and plans to extend its market reach globally, beginning with exports to the EU and EEA regions. Additionally, Arrow's wholly owned subsidiaries, Avery Pharmaceuticals Pvt. Ltd. and Watersol divisions, are targeting expansion into Europe, South America, and Africa. Our in-house R&D labs are dedicated to developing innovative products tailored to new markets.

3. Threats:

Our business operations may experience fluctuations due to several factors, including geopolitical developments, technological obsolescence, rising input costs, project execution delays, patent expirations, and tender outcomes. Additionally, threats such as the importation of non-standard materials, such as extruded films from China, may pressure us to maintain competitive pricing. We have identified key risks across our business functions and will implement various measures needed to address and mitigate these risks effectively and consistently.

4. Internal control system and their adequacy:

The company's internal audit system is designed to ensure robust internal controls that align with the size, complexity, and requirements of our business. This system aims to safeguard assets against misuse or loss and ensure that transactions are properly authorized, recorded, and reported.

Operating parameters are clearly defined and monitored on a regular basis. The Audit Committee continually assesses the adequacy and effectiveness of our internal controls. These controls are implemented to enhance operational efficiency, financial management, and compliance with relevant regulations and laws.

In accordance with Section 138 of the Companies Act, 2013, the company has engaged a firm of Chartered Accountants to perform internal audits of our functions and activities. They provide quarterly reports on their findings, which are reviewed by both the Audit Committee and the Statutory Auditors.

5. Material developments in human resources/industrial relations front, including number of people employed:

Throughout the year, industrial relations have remained amicable and uninterrupted, with no disruptions to manufacturing activities. The company has conducted various programs focused on enhancing motivation, as well as technical and soft skills. We have implemented comprehensive safety measures to protect our employees and have adopted a work-from-home policy for non-factory staff, providing the necessary technological support and tools to ensure smooth operations.

Human capital is regarded as a vital asset and a key factor for the company's success, particularly given the niche nature of our products, patents, and applications. We are committed to building a dedicated team to support the company's growth. As of March 31, 2025, our workforce consisted of 127 employees.

INDEPENDENT AUDITOR'S REPORT

To the Members of Arrow Greentech Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Arrow Greentech Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of material accounting policy information and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, of the state of affairs of the Company as at March 31, 2025, its profit (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis and Director's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we report in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (2) As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph i(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
- c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of the written representations received from the directors as on March 31, 2025, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of section 164(2) of the Act;

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(i) under 'Report on Other Legal and Regulatory Requirements' section in the Independent Auditor's Report of even date to the members of Arrow Greentech Limited ("the Company") on the standalone financial statements for the year ended March 31, 2025]

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information, explanations and written representation given to us by the management and the books of account and other records examined by us in the normal course of audit, we report that:

- (I) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of Intangible Assets.
- (b) During the year, the Property, Plant and Equipment of the Company have been physically verified by the management and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of lessee) disclosed in the standalone financial statements are held in the name of the Company, except for the details given below:

Description of property	Gross carrying value (₹ in lakhs)	Held in name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of Company
Buildings	2	Rishil Exports	Yes, Relative of promoter	April 01, 1994	Management is in the process of transferring the title deed of the said property in the name of the Company.

- (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) and/or Intangible Assets during the year. Accordingly, reporting under clause (i)(d) of paragraph 3 of the Order is not applicable.
- (e) No proceedings have been initiated or are pending against the Company as at March 31, 2025 for holding any Benami property under the Prohibition of Benami Property Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in aggregate for each class of inventory were noticed on physical verification carried out during the year.
- (b) The Company has been sanctioned working capital limits exceeding five crore rupees, in aggregate, from bank, secured by current assets. However, in the absence of any drawdown on these working capital limits, the Company is not required to furnish quarterly stock statements to the bank. Therefore, reporting under clause (ii)(b) of paragraph 3 of the Order is not applicable.
- (iii) (a) According to the information and explanation provided to us, the Company has provided loans to other entities. During the year, the Company has not provided advances in the nature of loans or gave guarantee and provided security to any other entities.

The details of such loans to Subsidiaries and others are as follows:

(₹ In Lakhs)

Sr No	Particulars	Guarantees	Security	Loans	Advances in the nature of loans
1	Aggregate amount granted / provided during the year				
	- Subsidiaries	-	-	362	-

	- Subsidiaries	-	-	409	-
	- Joint Ventures	-	-	-	-
	- Associates	-	-	-	-
	- Others	-	-	17	-

- (b) Terms and conditions in relation to the grant of loans and investment made during the year, are prima facie, not prejudicial to the interest of the Company. The Company has not provided advances in the nature of loans and provided security to any other entity during the year.
- (c) In the case of the unsecured loans, the principal and interest are either repayable on demand or their terms have been stipulated. As informed to us, the borrowers have been regular in repayment of principal and interest where due or as demanded by the Company, during the year.
- (d) In respect of the aforesaid loans, there is no overdue amount other than already provided for which is remaining outstanding for more than ninety days as at the balance sheet date in respect of loans given. The Company has not provided advances in the nature of loans to any other entity during the year.
- (e) There were no loans or advances in the nature of loan granted which has/have fallen due during the year, have been renewed or extended. Further, there were no instances of fresh loans being granted to settle the overdues of existing loans given to the same parties.
- (f) The Company has granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment. Details of the same are as below:

(Rs. In Lakhs)

Particulars	All Parties	Promoters	Related Parties*	Remarks

* As defined under section 2(76) of the Act

- (iv) The Company has complied with the provisions of sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) In our opinion, the Company has not accepted any deposits or amounts which are deemed to be deposits. Accordingly, reporting under clause (v) of paragraph 3 of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of section 148 of the Act and rules thereunder. We have broadly reviewed such records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) The Company is generally regular in depositing with the appropriate authorities, undisputed statutory dues including Goods and Services tax (GST), provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues applicable to it, though there has been a slight delay in a few cases. During the year 2017-18, sales tax, value added tax, service tax and duty of excise subsumed in GST and are accordingly reported under GST.

No undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, GST, customs duty, cess and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (b) The dues outstanding with respect to provident fund, employees' state insurance, income tax, GST, sales tax, service tax, value added tax, customs duty, excise duty and cess, on account of any dispute, are as follows:

Statement of Disputed Dues

Name of the statute	Nature of the dues	Amount Unpaid* (₹ in lakhs)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any

*net of amount paid/ adjusted against the demand

- (viii) We have not come across any transactions which were previously not recorded in the books of account of the Company that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company did not obtain any money by way of term loans during the year and outstanding term loans at the beginning of the year, were prima facie, utilized for the purposes for which they were obtained.
- (d) On an overall examination of the standalone financial statements of the Company, no funds raised on short-term basis have, been used for long-term purposes by the Company.
- (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates as defined under the Act. The Company does not have any joint venture.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate companies, as defined under the Act. The Company does not have any joint venture.
- (x) (a) The Company has not raised money by way of initial public issue offer / further public offer (including debt instruments) during the year. Therefore, reporting under clause (x)(a) of paragraph 3 of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.

Further, the Company has utilized funds raised in the earlier year by way of preferential allotment for the purposes for which they were raised, except for the following:

Nature of Securities	Purpose for which funds raised	Opening unutilized Balance (Rs. In Lakhs)	Amount utilized for the other purpose (Rs. In Lakhs)	Unutilized balance as at March 31, 2025 (Rs. In Lakhs)	Remarks
Preferential Equity Shares	Working capital requirement, Expansion of Business, General Corporate purpose and other purpose	136	Nil	Nil	

- (xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company nor any fraud on the Company has been noticed or reported during the year, nor have we been informed of any such instance by the management.
- (b) No report under section 143(12) of the Act has been filed with the Central Government by the auditors of the Company in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014, during the year or upto the date of this report.
- (c) There are no whistle blower complaints received by the Company during the year and upto the date of this report.
- (xii) In our opinion, the Company is not a Nidhi Company. Therefore, reporting under clause (xii) of paragraph 3 of the Order is not applicable.
- (xiii) All transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable and the details have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the Internal Audit Reports of the Company issued till date, for the period under audit.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, provisions of section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Therefore, reporting under clause (xvi)(a) and (b) of paragraph 3 of the Order are not applicable.
- (b) The Company is not a Core Investment Company (CIC) as defined in Core Investment Companies (Reserve Bank) Directions, 2016 ("Directions") by the Reserve Bank of India. Accordingly, reporting under clause (xvi) (c) and (d) of paragraph 3 of the Order are not applicable.

(c) As informed by the Company, the Group to which the Company belongs has no CIC.

(xvii) The Company has not incurred cash losses in the current and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly, reporting under clause (xviii) of paragraph 3 of the Order is not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which cause us to believe that any material uncertainty exists as on the date of this audit report and that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred either to a Fund specified in schedule VII of the Companies Act, 2013 or to a Special Account as per the provisions of Section 135 of the Companies Act, 2013 read with schedule VII to the Companies Act, 2013. Accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date to the members of Arrow Greentech Limited on the standalone financial statements for the year ended March 31, 2025]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Arrow Greentech Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

Notes to the standalone financial statement for the year ended March 31, 2025

(All amounts in Indian Rupees in lakhs unless otherwise stated)

1. Corporate Information

Arrow Greentech Limited ("the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 2013. Its shares are listed on BSE & NSE in India. The Company is engaged in business of bio-degradable (green) products, high-tech product and having Patents income for such products/technology. The Company caters to both domestic and international markets. The registered office of the Company is located at 1/F Laxmi Industrial Estate, New Link Road, Andheri West, Mumbai - 400053, India.

2. Material accounting policies

A Basis of accounting and preparation of Financial Statements:

Compliance with Indian Accounting Standards (Ind AS):

- a) These Standalone Ind AS Financial Statements ("Financial Statements") of the Company, have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards ("Ind AS") as notified under section 133 of the Companies Act, 2013 ("the Act") read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and accounting principles generally accepted in India. Accounting policies have been consistently applied except where a new accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. These Financial Statements were authorized for issue by the Company's Board of Directors on May 17, 2025.

Functional and Presentation Currency

These Financial Statements are presented in Indian rupees, which is the functional currency of the Company.

Basis of accounting and measurement

These Financial Statements are prepared under the historical cost convention except for certain financial instruments which are measured at fair value or at amortized cost at the end of each reporting period.

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurements are categorised as below, based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- (i) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date;
- (ii) Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- (iii) Level 3 inputs are unobservable inputs for the valuation of assets or liabilities.

Above levels of fair value hierarchy are applied consistently and generally, there are no transfers between the levels of the fair value hierarchy unless the circumstances change warranting such transfer.

Presentation of standalone financial statements

The balance sheet and the statement of profit and loss are prepared in the format prescribed in schedule III to the Act. The statement of cash flows has been prepared under indirect method and presented as per the requirements of Ind AS 7 "Statement of cash flows". The disclosure requirements with respect to items in balance sheet and statement of profit and loss, as prescribed in schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Ind AS and the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended. Amounts in the standalone financial statements are presented in Indian Rupees in lakhs as permitted by schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimals places.

Use of Estimates and Judgements

The preparation of the Financial Statements in conformity with Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the year in which the results are known/ materialise. Estimates and underlying assumptions are reviewed on an ongoing basis.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the accounting policies.

The areas involving critical estimates or judgments are:

- Measurement of defined benefit obligations

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- Measurement and likelihood of occurrence of provisions and contingencies

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Group uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

- Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

- Estimation of tax expenses and liability

The Company uses judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

- Useful lives of property, plant, equipment and intangibles

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

- Right to use

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

- Impairment of financial assets such as trade receivables

Measurement of impairment of financial assets require use of estimates, which have been explained in the note on financial assets, financial liabilities and equity instruments, under impairment of financial assets (other than at fair value).

B Revenue Recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved by the parties to the contract, the parties to the contract are committed to perform their respective obligations, each party's rights and obligations and the payment terms can be identified, the contract has commercial substance and it is probable that the entity will collect the consideration to which it is entitled to in exchange for the services that will be transferred to the customer.

The Company recognizes provision for sales return, based on the historic results, measured on net basis of the margin of the sale. Therefore, a refund liability, included in other current liabilities, are recognized for the products expected to be returned.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the group as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

- i) Sale of products: Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.
- ii) Rendering of services: Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered.

C Property, Plant and Equipment

i) Recognition and measurement:

Property, plant and equipment are measured at cost / deemed cost, less accumulated depreciation and impairment losses, if any. Cost of Property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the asset to its working condition for its intended use and estimated attributable costs of dismantling and removing the asset and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of Profit and Loss.

Depreciation on additions/disposals is provided on a pro-rata basis i.e. from / upto the date on which asset is ready for use/disposed off.

ii) Depreciation

Depreciation on Property, Plant and Equipment has been provided on written down value basis and manner prescribed in Schedule II to the Companies Act 2013.

Leasehold Land are amortised over the term of the underlying lease.

iii) Derecognition

The carrying amount of an item of PPE/intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of PPE/intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the Statement of Profit and Loss when the item is derecognized.

D Capital work in Progress

Expenditure during the construction/ pre-operative period is included under Capital Work-in-Progress and same is allocated to the respective Property, Plant and Equipment on the completion of project.

E Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a Straight Line Basis over their estimated useful lives. Costs related to patents are written off over the remaining useful life from the day of grant. Computer Software's are amortized over a period of 3 years from the date of acquisition.

Expenditure on research and development eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

F Investment Property

Investment property is property (land or a building or part of a building or both) held either to earn rental income or for capital appreciation or for both, but neither for sale in the ordinary course of business nor used in production or supply of goods or services or for administrative purposes. Investment properties are stated at cost net of accumulated depreciation and accumulated impairment losses, if any.

Based on technical evaluation and consequent advice, the management believes a period of 54 years as representing the best estimate of the period over which investment property are expected to be used. Accordingly, the Company depreciates investment properties over a period of 54 years on a written down value basis.

Any gain or loss on disposal of investment property calculated as the difference between the net proceeds from disposal and the carrying amount of the Investment Property is recognized in Statement of Profit and Loss.

Fair values is determined by an independent valuer who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property valued.

G Research and Development Cost:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a products' technical feasibility has been established, in which case such expenditure is capitalized.

Product development costs that are directly attributable to the design and testing of identifiable and unique products controlled by the Company are recognised as intangible assets if, and only if, technical and commercial feasibility of the project is demonstrated, future economic benefit are probable, the Company has intention and ability to complete and use or sell the assets and cost can be measured reliably.

The amount capitalized comprise expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Capitalised product development costs are recorded as intangible assets and amortised bssis the useful life as estimated by the management.

H Impairment of Assets:

i) Financial assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortised cost and debt instruments measured at FVOCI. Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or asset is determined to have a low credit risk at the reporting date. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in Statement of Profit and Loss.

ii) Non Financial Assets:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). The impairment loss is recognised as an expense in the Statement of Profit and Loss.

I Investment

Investments that are readily realisable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline, other than temporary, in the value of the long term investments.

J Inventories:

- i) Raw Materials, packing materials, Stores and Spares are valued at lower of cost arrived on First In First Out method and Net Realisable Value. Cost of raw materials comprises cost of purchases.

- ii) Work-in-progress and Finished Goods are valued at lower of cost and Net Realisable Value. Cost of work-in-progress and finished goods comprises direct materials, direct labor and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

- iii) Traded goods are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a FIFO basis.

Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

K Employee Benefits

i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the Balance Sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Defined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee Benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income they are included in retained earnings in the Statement of changes in equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

- Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as Defined contribution Plans and the contributions are recognised as employee Benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

- Leave entitlement and compensated absences

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Leave entitlement, other than short term compensated absences, are provided based on a actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occur.

-Short-term Benefits

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

-Termination benefits

Termination benefits are recognised as an expense as and when incurred.

L Leases

Company is lessee:

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are premeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and right-to-use asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The following is the summary of practical expedients elected on initial application.

- 1) Applied a single discount rate to portfolio of leases of similar assets in similar economic environment with similar end date.
- 2) Applied the exemption not to recognize right to use of asset and liabilities for leases with less than 12 months of lease term of the date of initial application.
- 3) Applied the practical expedient to grandfather the assessment of which transactions are leases.
- 4) Excluding initial direct costs for the measurement of right to use of asset at the date of initial application.

Company is lessor:

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

M Foreign Currency Transactions / Translations

Initial Recognition

Foreign currency transactions are initially recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. However, for practical reasons, the Company uses a monthly average rate if the average rate approximate the actual rate at the date of the transactions.

Conversion

Monetary assets and liabilities denominated in foreign currencies are reported using the closing rate at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Treatment of Exchange Difference

Exchange differences arising on settlement/ restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

N Income Tax

Income tax expense comprises current tax and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

The income tax expense or credit for the period is tax payable on the current year's taxable income based on the applicable income tax rate adjusted by change in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date. Current tax comprises of expected tax payable or receivable on taxable income/loss for the year or any adjustment or receivable in respect of previous year. Management periodically evaluates position taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amount expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting date and are expected to apply to the Company when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, unused losses and unused tax credits. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable or no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The Company recognizes interest levied related to income tax assessments in interest expenses.

O Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company;
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share is calculated by dividing:

- the net profit or loss after tax for the year attributable to owners of the Company;
- by the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

P Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Q Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the Financial Statements.

R Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet include cash on hand, cheques on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and overdrawn bank balances.

S Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

T Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial Liabilities

Initial recognition and measurement

Financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liability is initially measured at transaction price and where such price is different from fair value, at fair value.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss.

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Financial assets

Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus or minus, in the case of a financial asset not "at fair value through profit or loss" are measured at transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit and loss.

Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit and loss.

i) Financial assets amortised at cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely consisting payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Interest and dividend income from these financial assets is included in "Other income". Net gains and losses, including any interest or dividend income are recognized in statement of profit and loss.

Equity investments

All equity investments within the scope of Ind-AS 109 are measured at fair value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the Company decides to classify the same either as FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in OCI. Dividends on such equity instruments are recognised in the Statement of Profit and Loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. Dividends on such equity instruments are recognised in the Statement of Profit and Loss.

Derecognition

A financial asset is derecognized when:

- the Company has transferred substantially all the risks and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

c. Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

U Current-non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of trade;
- c) it is expected to be realised on demand or within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the company's normal operating cycle;
- b) it is held primarily for the purpose of trade;
- c) it is due to be settled in demand or within 12 months after the reporting date; or
- d) there is no unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

**V Operating cycle**

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

W Segment Reporting

The Company determines segments based on the internal organisation and management structure of the Company and its system of internal financial reporting and the nature of its risks and its returns. The Board of Directors of the Company has been identified as Chief Operating Decision Maker (CODM). CODM evaluates the Company's performance, allocate resources based on analysis of various performance indicators of the Company for disclosing in the segment report. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.

Segment revenue includes income directly identifiable with the segments.

Expenses that are directly identifiable with the segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments and expenses which relate to the operating activities of the segment but are impracticable to allocate to the segment, are included under "Unallocable corporate expenses".

Income which relates to the Company as a whole and not allocable to segments are included in Unallocable Income and netted off from Unallocable corporate expenses.

Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable corporate assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

X Other income

- i. Interest income is accrued on a time basis by reference to the principal outstanding and the effective interest rate.
- ii. Dividend income is accounted for in the period in which the right to receive the same is established.
- iii. Exchange gain/loss consists of realized gain/loss and revaluation gain/loss on translation of foreign currency assets and liabilities.
- iv. Other items of income are accounted as and when the right to receive arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Y Employee Stock option scheme

In respect of stock options granted pursuant to the Company's stock options scheme, the excess of fair value of the option over the exercise price is treated as discount and accounted as employee compensation cost over the vesting period. The amount recognised as expense each year is arrived at based on the number of grants expected to vest. If a grant lapses after the vesting period, the cumulative discount recognised as expense in respect of such grant is transferred to general reserve.

Z Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

AA Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There are no standards of accounting or any addendum thereto, prescribed by Ministry of Corporate Affairs under section 133 of the Companies Act, 2013, which are issued and not effective as at March 31, 2025.

Actuarial assumption

Principal actuarial assumption used to determine net periodic benefit cost and benefit obligation at the reporting dates;

	As at	
	March 31, 2025	March 31, 2024
Discount Rate (p.a.)	6.83%	7.22%
Salary escalation rate (p.a.)	8.00%	8.00%
Expected rate of return on assets	6.83%	7.22%
Attrition rate	Service < 5 - 10% Service >=5 - 3% Indian Assured Lives Mortality (2012-14)	Service < 5 - 10% Service >=5 - 3% Indian Assured Lives Mortality (2012-14)
Mortality rate during employment		
Mortality rate after employment	NA	NA

Notes :

Salary escalation rate: The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Discount rate: The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations.

Assumptions regarding future mortality experience are set in accordance with the statistics published by the Life Insurance Corporation of India.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled. There has been significant change in expected rate of return on assets due to change in the market scenario.

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligations by the amounts shown below:

	Year ended	
	March 31, 2025	March 31, 2024
Projected Benefit Obligation on Current Assumptions	152	128
Discount Rate: 1% increase	(12)	(10)

Future salary growth: 1% increase	11	9
Future salary growth: 1% decrease	(10)	(8)
Change in Rate of Employee Turnover : 1% Increase	(0)	0
Change in Rate of Employee Turnover : 1% Decrease	0	(0)

iii) Compensated absences

The Company accrues for the compensated absences, a long term employee benefit plan based on the entire available leave balance standing to the credit of the employees at year end. The value of such leave balance eligible for carry forward, is determined by actuarial valuation as at the Balance sheet date and is charged to Statement of profit and loss in the period determined. The provision as at balance sheet dates are as follows:

	As at	
	March 31, 2025	March 31, 2024

42 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

43 Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

i) Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk that company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increases in credit risk on other financial instruments of the same counterparty,

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. Credit terms are in line with industry trends."

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows

	As at	
	March 31, 2025	March 31, 2024
Less than 180 days	2,312	2,436
From 181 - 365 days	71	12

Total	2,368	2,435

Expected credit loss assessment for customers as at March 31, 2024 and March 31, 2025

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

Cash and bank balance

The Company held cash and bank balance with credit worthy banks and financial institutions of ₹ 3,930 lacs and ₹ 2,705 lacs as at March 31, 2025 and March 31, 2024, respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Other financial liabilities	460	460	-	464	464	-
Bank Guarantee & LC given	-	526	2,148	-	490	1,440

iii) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and ensuring compliance with market risk limits and policies.

Increase / (decrease) in profit and loss	(3.23)	3.23	(3.01)	3.01

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates.

The company's borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts in Indian rupees in lakhs unless otherwise stated)

Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

	March 31, 2025	March 31, 2024
Variable rate borrowings	-	-
Fixed rate borrowings	-	33
Total borrowings	-	33

44 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to safeguard the Company's ability to remain as a going concern and maximise the shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions, annual operating plans, long term and other strategic plans and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust its dividend payment ratio to shareholders, return capital to shareholders or issue fresh shares. The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity including share premium and all other equity reserves attributable to the equity share holders.

The Company's adjusted net debt to equity ratio are as follows.

Particulars	March 31, 2025	March 31, 2024
Borrowings		
Long term and Short term borrowings	-	13
Current maturities of Long term borrowings	-	20
Less: Cash and cash equivalents	(555)	(93)
Adjusted net debt	(555)	(60)
Total Equity	18,470	12,588
Adjusted net debt to equity ratio	(0.03)	(0.00)

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital of the Company during the current and previous year.

INDEPENDENT AUDITOR'S REPORT

To the Members of Arrow Greentech Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Arrow Greentech Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its associates, comprising of the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of material accounting policy information and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and associates, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, of the consolidated state of affairs of the Group and its associates as at March 31, 2025, their consolidated profit (including other comprehensive income), their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Holding Company's Management Discussion and Analysis and Director's Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed and the reports of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as

applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Group including its associates or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiary companies, associate companies, which are companies incorporated in India, have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements of six subsidiaries (including two step down subsidiaries), whose financial statements reflects total assets of Rs. 5,728 Lakhs as at March 31, 2025, total revenues of Rs. 4,402 Lakhs, total net profit after tax of Rs.222 Lakhs and total net comprehensive income of Rs.222 Lakhs and net cash inflows amounting to Rs. 443 Lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include Group's share of net profit after tax of Nil and total comprehensive income of Nil for the year ended March 31, 2025, as considered in the consolidated financial statements, in respect of two associates, whose financial statements have not been audited by us. These

financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- (1) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and taking into consideration the reports of other auditors on separate financial statements of subsidiaries incorporated in India, included in the consolidated financial statements of the Holding Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in the aforesaid CARO reports.

This report does not contain a statement on the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government of India in terms of section 143(11) of the Act in respect of its associates, since in our opinion and according to the information and explanations given to us and on the consideration of reports of the other auditors on separate financial statements of the said associates, as noted in the Other Matters section above, the said Order is not applicable to its associates.

- (2) As required by section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements and the other financial information of subsidiaries and associates, as noted in the Other Matters section above we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in the paragraph i (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 and taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India and its associate companies, none of the directors of the Holding Company, its subsidiary companies incorporated in India and its associate companies, is disqualified as on March 31, 2025 from being appointed as a director in terms of section 164(2) of the Act;
 - f. The reservation and modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above and paragraph i (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
 - g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure 1".

We do not report on the adequacy of the internal financial controls with reference to financial statements of its associate companies incorporated in India and the operating effectiveness of such controls in terms of section 143(3)(i) of the Act, since in our opinion and according to the information and explanations given to us and on the consideration of reports of the other

auditors on separate financial statements of the aforesaid associates, the said reporting is not applicable to the associate companies.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us by the Holding Company, the remuneration paid/ provided to their directors during the year by the Holding Company is in accordance with the provisions of section 197 of the Act.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date to the members of Arrow Greentech Limited on the consolidated financial statements for the year ended March 31, 2025]

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Arrow Greentech Limited ("Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of Holding Company, its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of Holding Company, its subsidiary companies which are incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on consideration of reporting of other auditors as mentioned in Other Matters paragraph below, the Holding Company, its subsidiary companies which are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid reports under section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to three subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to the Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Indian Rupees in Lakhs unless otherwise stated)

1. Corporate Information

Arrow Greentech Limited is a public company domiciled in India and incorporated under the provisions of the Companies Act, 2013. Its shares are listed on BSE and NSE in India. Arrow Greentech Limited is engaged in business of bio-degradable (green) products, high-tech products and having Patents income for such products/technology. Arrow Greentech Limited caters to both domestic and international markets. These Consolidated Financial Statements relates Arrow Greentech Limited ("the Holding Company") and its subsidiaries and its associates ("the Group"). The registered office of the Holding Company is located at 1/F Laxmi Industrial Estate, New Link Road, Andheri West, Mumbai, India.

2. Material Accounting Policies

A Basis of accounting and preparation of Financial Statements:

Compliance with Indian Accounting Standards (Ind AS):

These Consolidated Ind AS Financial Statements ("Consolidated Financial Statements") of the the Group, have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards ("Ind AS") read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and accounting principles generally accepted in India. Accounting policies have been consistently applied except where a new accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. These Consolidated Financial Statements were authorized for issue by the Holding Company's Board of Directors on May 17, 2025.

Functional and Presentation Currency

These Consolidated Financial Statements are presented in Indian rupees, which is the functional currency of the parent Company.

Basis of accounting and measurement

These Financial Statements are prepared under the historical cost convention except for certain financial instruments which are measured at fair value or at amortized cost at the end of each reporting period.

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurements are categorised as below, based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- (i) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at measurement date;
- (ii) Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- (iii) Level 3 inputs are unobservable inputs for the valuation of assets or liabilities.

Above levels of fair value hierarchy are applied consistently and generally, there are no transfers between the levels of the fair value hierarchy unless the circumstances change warranting such transfer.

Presentation of consolidated financial statements

The balance sheet and the statement of profit and loss are prepared in the format prescribed in schedule III to the Act. The statement of cash flows has been prepared under indirect method and presented as per the requirements of Ind AS 7 "Statement of cash flows". The disclosure requirements with respect to items in balance sheet and statement of profit and loss, as prescribed in schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Ind AS and the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended. Amounts in the consolidated financial statements are presented in Indian Rupees in lakhs as permitted by schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimals places.

Use of Estimates and Judgements

The preparation of the Consolidated Financial Statements in conformity with Ind AS requires Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Management believes that the estimates used in preparation of the Consolidated Financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the year in which the results are known/ materialise. Estimates and underlying assumptions are reviewed on an ongoing basis.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the accounting policies.

The areas involving critical estimates or judgments are:

- Measurement of defined benefit obligations

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- Measurement and likelihood of occurrence of provisions and contingencies (Refer note 35)

The Group estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Group uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

- Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

- Estimation of tax expenses and liability

The Group uses judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

- Useful lives of property, plant, equipment and intangibles

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

- Right to use

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

- Impairment of financial assets such as trade receivables

Measurement of impairment of financial assets require use of estimates, which have been explained in the note on financial assets, financial liabilities and equity instruments, under impairment of financial assets (other than at fair value).

B Principles of consolidation:

i) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the Consolidated Financial Statements from the date on which control commences until the date on which control ceases.

ii) **Non – Controlling Interest (NCI)**

The non-controlling interests comprise the portion of equity of subsidiaries that are not owned, directly or indirectly, by the Group.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the Statement of Profit and Loss, consolidated statement of changes in equity and Balance Sheet, respectively.

The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

iii) **Loss of Control**

When a Group loses control over a subsidiary, it derecognises the assets and the liabilities of the subsidiaries, and any NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date that control is lost. Any resulting gain or loss is recognised in Statement of Profit and Loss.

iv) **Equity accounted investees**

The Group's interests in equity accounted investees comprise interests in associates.

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies.

Interests in associates are accounted for using the equity method. They are initially recognised at cost which includes transaction cost. Subsequent to initial recognition, the Consolidated Financial Statements include the Group's share or profit or loss and Other Comprehensive Income of equity accounted investees until the date on which significant influence or joint control ceases.

v) **Transactions eliminated on consolidation**

Intra-group balance and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

C **Revenue Recognition**

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the group is expected to be entitled to in exchange for those goods or services. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved by the parties to the contract, the parties to the contract are committed to perform their respective obligations, each party's rights and obligations and the payment terms can be identified, the contract has commercial substance and it is probable that the entity will collect the consideration to which it is entitled to in exchange for the services that will be transferred to the customer.

The group recognizes provision for sales return, based on the historic results, measured on net basis of the margin of the sale. Therefore, a refund liability, included in other current liabilities, are recognized for the products expected to be returned.

The group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the group as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

i) **Sale of products:** Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

ii) **Rendering of services:** Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered.

D Property, Plant and Equipment:

i) Recognition and measurement:

Property, plant and equipment are measured at cost / deemed cost, less accumulated depreciation and impairment losses, if any. Cost of Property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the asset to its working condition for its intended use and estimated attributable costs of dismantling and removing the asset and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of Profit and Loss.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed off.

ii) Depreciation:

Depreciation on Property, Plant and Equipment has been provided on written down value basis and manner prescribed in Schedule II to the Companies Act 2013.

Leasehold Land are amortised over the term of the underlying lease.

iii) Derecognition

The carrying amount of an item of PPE/intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of PPE/intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the Consolidated Statement of Profit and Loss when the item is derecognized.

E. Capital work in Progress

Expenditure during the construction/ pre-operative period is included under Capital Work-in-Progress and same is allocated to the respective Property, Plant and Equipment on the completion of project.

F. Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably.

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a Straight Line Basis over their estimated useful lives. Costs related to patents are written off over the remaining useful life from the day of grant. Computer Software's are amortized over a period of 3 years from the date of acquisition.

Expenditure on research and development eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

G Investment Property

Investment property is property (land or a building or part of a building or both) held either to earn rental income or for capital appreciation or for both, but neither for sale in the ordinary course or business nor used in production or supply of goods or services or for administrative purposes. Investment properties are stated at cost net of accumulated depreciation and accumulated impairment losses, if any.

Based on technical evaluation and consequent advice, the management believes a period of 54 years as representing the best estimate of the period over which investment property are expected to be used. Accordingly, the Group depreciates investment properties over a period of 54 years on a written down value basis.

Any gain or loss on disposal of investment property calculated as the difference between the net proceeds from disposal and the carrying amount of the Investment Property is recognised in Statement of Profit and Loss.

Fair values is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property valued.

H Research and Development Cost:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a products' technical feasibility has been established, in which case such expenditure is capitalized.

Product development costs that are directly attributable to the design and testing of identifiable and unique products controlled by the Group are recognised as intangible assets if, and only if, technical and commercial feasibility of the project is demonstrated, future economic benefit are probable, the Group has intention and ability to complete and use or sell the assets and cost can be measured reliably.

The amount capitalized comprise expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Capitalised product development costs are recorded as intangible assets and amortised basis the useful life as estimated by the management.

I Impairment of Assets:

i) Financial assets

In accordance with Ind-AS 109, the Group applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortised cost and debt instruments measured at Fair Value through Other Comprehensive Income. Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or asset is determined to have a low credit risk at the reporting date. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in Statement of Profit and Loss.

ii) Non-financial assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment if any indication of impairment exists.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). The impairment loss is recognised as an expense in the Statement of Profit and Loss.

J Investments:

Investments that are readily realisable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline, other than temporary, in the value of the long term investments.

K Inventories:

- i) Raw Materials, packing materials, Stores and Spares are valued at lower of cost arrived on First In First Out method (FIFO) and Net Realisable Value. Cost of raw materials comprises cost of purchases.
- ii) Work-in-progress and Finished Goods are valued at lower of cost and Net Realisable Value. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.
- iii) Traded goods are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a FIFO basis.

Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

L Employee benefits:

i) Short Term Obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

ii) Other long-term employee benefit obligations:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the Balance Sheet if the Group does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post – employment obligations

The Group operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund and Employee State Insurance Fund (ESIC).

Defined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee Benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income they are included in retained earnings in the Statement of changes in equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

Defined contribution plan

The Group pays provident fund and ESIC contributions to publicly administered provident funds / ESIC as per local regulations. The Group has no further payment obligations once The contributions have been paid. The contributions are accounted for as Defined contribution Plans and The contributions are recognised as employee Benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

- Leave entitlement and compensated absences

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Leave entitlement, other than short term compensated absences, are provided based on a actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occur.

-Short-term Benefits

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

-Termination benefits

Termination benefits are recognised as an expense as and when incurred.

M Leases

Group is lessee:

At the date of commencement of lease, the Group recognised a right-to-use assets and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve month or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as operating expense on straight-line basis over the term of lease. The right-to-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The right-to-use of assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset right-to use of assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The Lease liability is initially measured at amortized cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease, or if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Liabilities are re-measured with corresponding adjustment to the related right to use of asset if Group changes its assessment if whether it will exercise an extension or termination option.

Lease liability and right-to-use asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The following is the summary of practical expedients elected on initial application.

- 1) Applied a single discount rate to portfolio of leases of similar assets in similar economic environment with similar end date.
- 2) Applied the exemption not to recognize right to use of asset and liabilities for leases with less than 12 months of lease term of the date of initial application.
- 3) Applied the practical expedient to grandfather the assessment of which transactions are leases.
- 4) Excluding initial direct costs for the measurement of right to use of asset at the date of initial application.

Group is lessor:

Leases for which the Group is a lessor is classified as finance or operating lease. Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

N Foreign Currency Transactions / Translations

i) Initial Recognition

Foreign currency transactions are initially recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. However, for practical reasons, the Group uses a monthly average rate if the average rate approximate the actual rate at the date of the transactions.

Conversion

Monetary assets and liabilities denominated in foreign currencies are reported using the closing rate at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Treatment of Exchange Difference

Exchange differences arising on settlement/ restatement of short-term foreign currency monetary assets and liabilities of the Group are recognised as income or expense in the Statement of Profit and Loss.

ii) Foreign Operations

In case of foreign operations whose functional currency is different from the parent company's functional currency, the assets and liabilities of such foreign operations, including goodwill and fair value adjustments arising upon acquisition, are translated to the reporting currency at exchange rates at the reporting date. The income and expenses of such foreign operations are translated to the reporting currency at the monthly average exchange rates prevailing during the year. Resulting foreign currency differences are recognized in other comprehensive income/ (loss) and presented within equity as part of Foreign Currency Translation Reserve ("FCTR"). When a foreign operation is disposed of, in part or in full, the relevant amount in the FCTR is reclassified to the Statement of Profit and Loss as a part of gain or loss on disposal.

O Income Tax

Income tax expense comprises current tax and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

The income tax expense or credit for the period is tax payable on the current year's taxable income based on the applicable income tax rate adjusted by change in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date. Current tax comprises of expected tax payable or receivable on taxable income/loss for the year or any adjustment or receivable in respect of previous year. Management periodically evaluates position taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amount expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting date and are expected to apply to the Group when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, unused losses and unused tax credits. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable or no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

P Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group;
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share is calculated by dividing:

- the net profit or loss after tax for the year attributable to owners of the Group;
- by the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Q Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

R Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the financial statements.

S Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet include cash on hand, cheques on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and overdrawn bank balances.

T Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

U Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial Liabilities

Initial recognition and measurement

Financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liability is initially measured at transaction price and where such price is different from fair value, at fair value.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Financial assets

Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus or minus, in the case of a financial asset not "at fair value through profit or loss" are measured at transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit and loss

Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Group classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit and loss.

i) Financial assets amortised at cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely consisting payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Interest and dividend income from these financial assets is included in "Other income". Net gains and losses, including any interest or dividend income are recognized in statement of profit and loss.

Equity investments

All equity investments within the scope of Ind-AS 109 are measured at fair value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the Group decides to classify the same either as FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in OCI. Dividends on such equity instruments are recognised in the Statement of Profit and Loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. Dividends on such equity instruments are recognised in the Statement of Profit and Loss.

Derecognition

A financial asset is derecognized when:

- the Group has transferred substantially all the risks and rewards of the asset, or
- the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

c. Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

V Current-non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the group's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised on demand or within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the group's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled in demand or within 12 months after the reporting date; or
- there is no unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

W Operating cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

X Segment Reporting

The Group determines segments based on the internal organisation and management structure of the Group its system of internal financial reporting and the nature of its risks and its returns. The Board of Directors of the Group has been identified as Chief Operating Decision Maker (CODM). CODM evaluates the Group's performance, allocate resources based on analysis of various performance indicators of the Group for disclosing in the segment report. The accounting policies adopted for segment reporting are in line with the accounting policies of the Group.

Segment revenue includes income directly identifiable with the segments.

Expenses that are directly identifiable with the segments are considered for determining the segment result. Expenses which relate to the Group as a whole and not allocable to segments and expenses which relate to the operating activities of the segment but are impracticable to allocate to the segment, are included under "Unallocable corporate expenses".

Income which relates to the Group as a whole and not allocable to segments are included in Unallocable Income and netted off from Unallocable corporate expenses.

Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable corporate assets and liabilities represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.

Y Other income

- Interest income is accrued on a time basis by reference to the principal outstanding and the effective interest rate.
- Dividend income is accounted for in the period in which the right to receive the same is established.
- Exchange gain/loss consists of realized gain/loss and revaluation gain/loss on translation of foreign currency assets and liabilities.
- Other items of income are accounted as and when the right to receive arises and it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.

Z Employee Stock option scheme

In respect of stock options granted pursuant to the holding Company's stock options scheme, the excess of fair value of the option over the exercise price is treated as discount and accounted as employee compensation cost over the vesting period. The amount recognised as expense each year is arrived at based on the number of grants expected to vest. If a grant lapses after the vesting period, the cumulative discount recognised as expense in respect of such grant is transferred to general reserve.

AA Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

AB. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There are no standards of accounting or any addendum thereto, prescribed by Ministry of Corporate Affairs under section 133 of the Companies Act, 2013, which are issued and not effective as at March 31, 2025.

ii) Defined Benefits Plans

Gratuity: The Group provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The fair value of the plan assets of the trust administered by the Group, is deducted from the gross obligation.

The following table sets forth the status of the gratuity plan of the Company, and the amounts recognized in the Balance sheet and Statement of profit and loss.

Funding :

The Group makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC, a funded defined benefit plan for qualifying employees

Mortality rate after employment	NA	NA

Notes to the Consolidated financial statements for the year ended March 31, 2025

(All amounts in Indian rupees in lakhs unless otherwise stated)

Notes :

Salary escalation rate: The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Discount rate: The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations.

Assumptions regarding future mortality experience are set in accordance with the statistics published by the Life Insurance Corporation of India.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled. There has been significant change in expected rate of return on assets due to change in the market scenario.

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligations by the amounts shown below;

	Year ended	
	March 31, 2025	March 31, 2024
Projected Benefit Obligation on Current Assumptions	152	128
Discount Rate: 1% increase	(12)	(10)

Change in Rate of Employee Turnover : 1% Decrease	0	(0)

iii) Compensated absences

The Company accrues for the compensated absences, a long term employee benefit plan based on the entire available leave balance standing to the credit of the employees at year end. The value of such leave balance eligible for carry forward, is determined by actuarial valuation as at the Balance sheet date and is charged to Statement of profit and loss in the period determined. The provision as at balance sheet dates are as follows:

	As at	
	March 31, 2025	March 31, 2024
Compensated absences liability	53	43

41 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

- Market risk

The Holding Company's Board of Directors has overall responsibility for the establishment and oversight of the group's risk management framework. The board of directors is responsible for developing and monitoring the group's risk management policies. The committee reports to the board of directors on its activities.

The group's risk management policies are established to identify and analyse the risks faced by the group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the group's activities. The group, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the group. The audit committee is assisted in its oversight role by internal auditor. Internal auditor undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

i) Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. To assess whether there is a significant increase in credit risk that group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations, and
- iv) Significant increases in credit risk on other financial instruments of the same counterparty.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the group. Where receivables have been written off, the group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in Statement of Profit and Loss.

Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. Credit terms are in line with industry trends."

Summary of the group's exposure to credit risk by age of the outstanding from various customers is as follows

	As at	
	March 31, 2025	March 31, 2024
Less than 180 days	2,830	2,720
From 181 - 365 days	50	393
More than 365 days	129	185
Total	3,009	3,298
Less : Impairment allowance	78	77
Total	2,931	3,221

Expected credit loss assessment for customers as at March 31, 2024 and March 31, 2025

Exposures to customers outstanding at the end of each reporting period are reviewed by the group to determine credit losses. Given that the macro economic indicators affecting customers of the group have not undergone any substantial change, the group expects the historical trend of minimal credit losses to continue.

Cash and bank balance

The Group held cash and bank balance with credit worthy banks and financial institutions of ₹ 5,094 lacs and ₹ 3,427 lacs as at March 31, 2025 and March 31, 2024 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an on-going basis and is considered to be good.

ii) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time. The group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the group's net liquidity position through rolling forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Other financial liabilities	437	437	-	728	728	-
Bank Guarantee and LC given	-	526	2,148	-	490	1,440

iii) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables.

The Group manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and ensuring compliance with market risk limits and policies.

GBP	(0.18)	0.18	4.78	(4.78)
CHF	(0.05)	0.05	(0.05)	0.05

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in market interest rates. The Group's main interest rate risk arises from long-term borrowings with variable rates.

The Group's borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Notes to the Consolidated financial statements for the year ended March 31, 2025

(All amounts in Indian rupees in lakhs unless otherwise stated)

Interest rate risk exposure

The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

	As at	
	March 31, 2025	March 31, 2024
Variable rate borrowings	-	-
Fixed rate borrowings	-	33
Total borrowings	-	33

43 Capital management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to safeguard the Group's ability to remain as a going concern and maximise the shareholder value. The Group manages its capital structure and makes adjustments in light of changes in economic conditions, annual operating plans, long term and other strategic plans and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust its dividend payment ratio to shareholders, return capital to shareholders or issue fresh shares. The Group monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity including share premium and all other equity reserves attributable to the equity share holders.

The Group's adjusted net debt to equity ratio are as follows.

Particulars	March 31, 2025	March 31, 2024
Borrowings		
Long term and Short term borrowings	-	13
Current maturities of Long term borrowings	-	20
Less: Cash and cash equivalents	(1,669)	(762)
Adjusted net debt	(1,669)	(729)
Total Equity	18,826	12,686
Adjusted net debt to equity ratio	(0.09)	(0.06)

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital of the Group during the current and previous year.

In FY2024–25, WATERSOL™ continued to lead innovation in eco-conscious packaging through its proprietary water-soluble PVA film technology. Designed to dissolve completely in water, these films offer a compelling alternative to conventional plastics—supporting both environmental goals and operational efficiency.

Safety First: Non-toxic and skin-safe, enabling secure use across consumer and industrial sectors.

Environmental Impact: Fully biodegradable, contributing to reduced plastic waste and improved sustainability metrics.

Efficiency Gains: Streamlined packaging processes that reduce handling time and resource consumption.

WATERSOL™ aligns with our broader commitment to responsible innovation and circular economy principles. As global demand for sustainable solutions grows, WATERSOL™ positions us at the forefront of environmentally responsible packaging & its industrial use cases.

Expanding Applications of Water-Soluble Film Technology.

Our water-soluble PVA film technology continued to gain traction across diverse packaging and industrial sectors. Its unique ability to dissolve completely in water without leaving residue has positioned it as a transformative solution for both environmental and operational challenges.

Key Application Areas:

Sector	Strategic Benefit
Agrochemicals	Enables safe, precise dosing and handling
Water Treatment Chemicals	Supports eco-friendly disposal and reduced contamination
Dyes & Pigments	Facilitates controlled dosing and clean dissolution
Toilet Blocks	Enhances controlled release, hygiene and user convenience
Bio Enzymes	Offers sustainable, biodegradable packaging options
Cleaning Chemicals & Detergents	Delivers residue-free, efficient usage
Construction Chemicals	Provides robust, reliable packaging for demanding environments

These applications reflect our commitment to delivering innovative, sustainable solutions that meet the evolving needs of industries while advancing our environmental stewardship goals.

Innovation Spotlight: Mouth Dissolving Strips (MDS)

As part of our commitment to advancing patient-centric solutions, our subsidiary has pioneered the development of Mouth Dissolving Strips (MDS)—a next-generation drug delivery system designed for rapid efficacy and enhanced convenience.

These ultra-thin films dissolve instantly upon contact with saliva, eliminating the need for water and offering a discreet, portable alternative to traditional dosage forms. Compared to tablets, capsules, chewables, and liquid formulations, MDS ensures faster release of active pharmaceutical ingredients (API), improving onset of action and patient compliance.

This innovation reflects our strategic focus on formulation excellence through cutting-edge R&D, accessibility and ease-of-use for diverse patient populations and market differentiation in both pharmaceutical and nutraceutical segments.

Advantages Of MDS

- Dissolves instantly on contact with saliva
- Provides rapid onset of action for faster relief
- Enhances bioavailability for better absorption
- Requires no chewing or swallowing effort
- Eliminates the risk of choking
- Lightweight and compact for easy portability
- Delivers faster action than tablets, capsules, or liquids
- Ensures an easy and painless delivery method
- Offers pleasant taste with added flavours
- Suitable for all types of patients
