INDEPENDENT AUDITOR'S REPORT

To the members of **Avery Pharmaceuticals Private Limited**

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Avery Pharmaceuticals Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the Loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Director's Report but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard on the even date.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the *going concern basis of accounting* unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error,

as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system, in relation to the financial statements, in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with the Management, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

1. As required by Section 143(3) of the Act, based on our audit we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of change in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) The company is exempt from reporting with respect to the adequacy of the internal financial controls over financial reporting as per section 143(3)(i) of Companies Act, 2013 and Rule 10A of The Companies (Audit & Auditors) Rules, 2014.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
According to information and explanations given to us, there no remuneration paid by the Company to its directors during the year .
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company did not have any pending litigations which will have an impact on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**Annexure "A" to the Independent Auditors' Report of even date on the Financial Statements of
Avery Pharmaceuticals Private Limited**

Referred to in paragraph 2 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2021:

- 1) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. The company does not hold any immovable property as on the balance sheet date.
- 2) The inventories has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such physical verification is reasonable and no material discrepancies were noticed on physical verification carried out during the year. On the basis of our examination of the records of inventory, we are of the opinion that the discrepancies noticed on verification between the physical stocks and book records were not material and have been properly dealt with in the books of account.
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c.) of the Order are not applicable to the Company and hence not commented upon.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 In respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.
- 7) (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Income-Tax and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2021 for a period of more than six months from the date on when they become payable.

b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks. The Company has not taken any loan either from financial institutions or from the government and has not issued any debentures.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public

offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.

- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, managerial remuneration has not been paid or provided during the year accordingly the provisions of clause 3 (xi) of the Order are not applicable to the Company and hence not commented upon.
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.
- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

Director

AVERY PHARMACEUTICALS PRIVATE LIMITED

Notes to Financial Statements for the year ended 31st March, 2021

1 Company Information

The Company is mainly in business of development, manufacturing and trading of pharmaceutical products

2 Significant Accounting Policies

A Compliance with Indian Accounting Standards (Ind AS):

- a) These Financial Statements (hereinafter referred to as 'Financial Statements') of the Company, have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under section 133 of the Companies Act, 2013 ('the Act') read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and accounting principles generally accepted in India. These financial statements were authorized for issue by the Company's Board of Directors on 11th June 2021

Functional and Presentation Currency

These financial statements are presented in Indian rupees, which is the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest thousand, except otherwise indicated.

Basis of measurement

These Financial statements are prepared under the historical cost convention unless otherwise indicated.

Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise. Estimates and underlying assumptions are reviewed on an ongoing basis.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the accounting policies.

- Useful lives of property, plant, equipment and intangibles (Refer note C)
- Measurement and likelihood of occurrence of provisions and contingencies (Refer note E & F)

B Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

- i) Sale of goods: Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Sales are net of Goods and Service Tax (GST).
- ii) Dividend income is accounted for when the right to receive the income is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.
- iii) Insurance and other claims, where quantum of accruals cannot be ascertained with reasonable certainty, are accounted on acceptance basis.

C Property, Plant and Equipment, Depreciation and Impairment:

i) Property, Plant and Equipment

Property, Plant and Equipment are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost of Property, Plant and Equipment includes taxes, duties, freight, borrowing cost, if capitalization criteria are met and other incidental expenses incurred in relation to their acquisition/ bringing the assets for their intended use.

Subsequent expenditures related to an item of Property, Plant and Equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The Company has elected to continue with the carrying value of all its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

ii) Depreciation:

Depreciation on Property, Plant and Equipment has been provided on written down value basis and manner prescribed in Schedule II to the Companies Act 2013.

iii) Intangible Assets:

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a Straight Line Basis over their estimated useful lives. Costs related to patents are written off over the remaining useful life from the day of grant. Computer Software's are amortized over a period of 3 years from the date of acquisition.

iv) Expenditure on research and development eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

D Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

E Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

F Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

G Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet includes cash on hand, cheques on hand, cash at bank, other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalent includes cash on hand, cheques on hand, cash at bank, other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value and overdrawn bank balance.

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future cash receipts or payment and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated

H Financial instruments

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair-value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i) Financial assets amortised at cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv) Financial liabilities

Financial liabilities are subsequently carried at fair value through profit and loss. For trade payables and other liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial instruments

Financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or is transferred and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

Fair value measurement

The Company measures financial instruments such as investments, at fair value at each Balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active market for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

I Current–non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or
- d) the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

J Leases (where the company is lessee)

At the date of commencement of lease, the Company recognised a right-to-use assets and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve month or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as operating expense on straight-line basis over the term of lease. The right-to-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The right-to-use of assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset right-to-use of assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The Lease liability is initially measured at amortized cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease, or if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Liabilities are re-measured with corresponding adjustment to the related right to use of asset if company changes its assessment if whether it will exercise an extension or termination option.

Lease liability and right-to-use asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The following is the summary of practical expedients elected on initial application.

- 1) Applied a single discount rate to portfolio of leases of similar assets in similar economic environment with similar end date.
- 2) Applied the exemption not to recognize right to use of asset and liabilities for leases with less than 12 months of lease term of the date of initial application.
- 3) Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, IND AS 116 is applied only to contracts that were previously identified as leases under IND AS 17.
- 4) Excluding initial direct costs for the measurement of right to use of asset at the date of initial application.

K Research and Development Cost

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a products' technical feasibility has been established, in which case such expenditure is capitalized.

Product development costs that are directly attributable to the design and testing of identifiable and unique products controlled by the Company are recognised as intangible assets if, and only if, technical and commercial feasibility of the project is demonstrated, future economic benefit are probable, the Company has intention and ability to complete and use or sell the assets and cost can be measured reliably.

The amount capitalized comprise expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Capitalised product development costs are recorded as intangible assets and amortised from the useful life as estimated by the management. Property, Plant and Equipments utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, Plant and Equipments.

L Taxes on Income

Income tax expense comprises current tax and deferred tax. It is recognised in Consolidated Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

The income tax expense or credit for the period is tax payable on the current year's taxable income based on the applicable income tax rate adjusted by change in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Management periodically evaluates position taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amount expected to be paid to the tax authorities.

Deferred tax charge or credit and corresponding deferred tax liabilities or assets are measured using the tax rates and laws enacted / substantively enacted at the balance sheet date. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty, except for carried forward losses and unabsorbed depreciation which is recognized based on virtual certainty, supported by convincing evidence that the assets will be realized in future against future taxable profits

Carrying amount of deferred tax assets are reviewed as at each balance sheet date and are appropriately adjusted to reflect the amount that is reasonably or virtually certain to be realised against future taxable income.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax asset and deferred tax liability relate to same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the Consolidated Statement of Profit and Loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Consolidated Statement of Profit and Loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

M Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

30 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Avery Pharmaceuticals Private Limited

Notes to Financial Statements for year ended 31st March, 2021

(All amounts in Indian Rupees in thousand unless otherwise stated)

31 Based on its initial assessment, the Management is consciously optimistic that there may not be any significant medium to long-term impact on the business of the Company due to the COVID-19 pandemic. The Company has evaluated the possible effects of COVID-19 on the carrying amounts of property, plant and equipment, patents, inventories, loans and trade receivables basis the internal and external sources of information and determined, exercising reasonable estimates and judgements, that the carrying amounts of these assets are generally recoverable. Having regard to the above, and the Company's operating efficiency and gradually improving liquidity position, there may not be material uncertainty generally in meeting the financial obligations over the foreseeable future.

32 Previous Years figures are re-grouped / re-classified where ever considered necessary.

As per our Report fo even date.
